PROJECT DESCRIPTION

The owners of this house wanted a farm house with a full wrap around porch on a rural corner lot. At 3,308 SF, the program included informal open space for cooking, eating and leisure, enclosed study/guest/bath on the first floor with a two and half car garage; an owners sleeping suite with bath, and two sleeping rooms and bath on the second floor. Although only partially constructed due to cost, the full wrap around porch can be wholly completed in the future. The kitchen cabinets were fabricated by the owner in his own wood shop.

PARTICIPATION

All design and drawings were prepared by David Strabel independently which included design-grams and a builder's set of construct-grams.
